The Hawaii Association for Justice (*formerly the Consumer Lawyers of Hawaii*) is a professional association established in 1993 as a non-profit corporation in the State of Hawai'i. HAJ exists to provide services to its members, education to the public and information to governmental and judicial decision-makers. It serves as an important, statewide voice for individuals injured by the misconduct or negligence of others.

We are a diverse group of men and women dedicated to protecting the health and safety of Hawaii's families and visitors, working to save and improve consumer protections and preserving each and every citizen's right to trial by jury, and access to the courts.

Our members practice in various areas of law including, Auto & Motorcycle Accidents, Insurance, Maritime, Personal Injury, Product Liability, Premise Liability and Workers' Compensation, just to name a few.

HAJ members are committed to strengthening and protecting the civil justice system, preserving the rights of citizens, educating and informing the public on important issues, and working to ensure that our government continues to provide equal justice for all.
